

Invitation to workshop: Markets for CO2 credits

The Danish Ministry of Climate, Energy and Utilities and the Danish CCUS-alliance with members covering all of the CCS value chain, is organizing a workshop on CO2 credits. The workshop will take place **November the 29th 15.00-17.00 (CET)**. Participants can participate by video or physically in the ministry (Holmens Kanal 20, DK-1060 København K).

The theme will be CO2 credits. Recently, Ørsted sold a major CO2 credit to Microsoft thereby enabling the first Danish CCS-project. The question is how the markets for such credits will develop. Are they transparent and accessible for companies of different sizes, should they be regulated – and if so, how and by whom?

Program:

14.45-15.00: Check-in and registration

15.00-15.05: Welcome: *Anders Hoffmann*, deputy permanent secretary, Ministry of Climate, Energy and Utilities. And *Finn Lauritzen*, Axcelfuture (moderator of the workshop)

15.05 – 15.25: Introduction to the workshop: Funding schemes and certificates, EUs certification platform for carbon removals and emission accounting principles. *Morten Boje Blarke*, Ministry of Climate, Energy and Utilities.

15.25-15.40: *Lars Bruun Sørensen*, Head of CCX, Ørsted: Ørsted's Experience. How can we proceed?

15.40-15.55: *Rafael Broze*, Microsoft: The global View.

15.55-16.40: Market maker's point of view: Presentations and subsequent panel debate: *Katja Grothe-Eberhardt* (CEO) and *Simon Bager* (CIO), Klimate; *Kaja Voss*, COO, Inherit and *Julio Friedman*, Chief Scientist, Carbon Direct.

16.40-17.00. General discussion and questions

17.00: Refreshments
